PROFESSIONAL SUMMARY

Detail-oriented and motivated Data Analyst with a Bachelor of Science in Computer Science and a passion for working with data. Skilled in creating dashboards, generating reports, and delivering meaningful insights through data visualization to support business decision-making. Proficient in Microsoft Excel, Microsoft Word, Google Sheets, and data entry, with foundational knowledge of MySQL, Power BI, and Python (NumPy, Pandas, Matplotlib, and Seaborn). Strong attention to detail, excellent analytical and problem-solving abilities, and a commitment to maintaining data accuracy and quality. A quick learner who adapts easily to new tools and processes, works efficiently to meet deadlines, and contributes effectively to team success by delivering high-quality results.

EDUCATION

Bachelor of Science in Computer Science

Sri Krishna Devaraya University, Kurnool

2014 – 2017 | 62%

EXPERIENCE**Business Analyst – Turing (2025 – Present)-Freelance**

1. Analysed business requirements and translated them into functional documentation for global clients.
2. Performed data analysis and reporting to support strategic decision-making and improve operational efficiency.

Data Annotation & Labelling – Crowdgen Freelance (2021 – Present)

1. Processed and labelled large datasets with high accuracy for AI/ML model training.
- 2.Ensured data quality by reviewing annotations and maintaining accuracy standards.
- 3.Consistently achieved high productivity while meeting tight deadlines.

PROJECTS Excel Sales Analysis Dashboard

- 1.Developed an interactive dashboard to analyse sales, profit, and performance metrics.
2. Used Pivot Tables, Charts, and slicers for multi-dimensional data analysis.

Power BI – Meta AI Performance Dashboard

- 1.Built an interactive dashboard to track campaign KPIs including CTR, CPC, conversions, and ROI.
2. Created data models and DAX measures for accurate KPI tracking.

SQL – Pizza Sales Data Analysis

- 1.Analyzed structured datasets using SQL to extract actionable insights.
2. Wrote complex queries using joins, aggregations, and window functions.

TECHNICAL SKILLS

- 1.SQL (Joins, Subqueries, Window Functions, Aggregations)
2. Power BI (Dashboard Development, Data Modelling, DAX)
- 3.Excel (Pivot Tables, XLOOKUP/VLOOKUP, Data Cleaning, Charts)
- 4.Python (Pandas, NumPy, Data Analysis, Visualization)

CORE COMPETENCIES

Data Analysis • Data Cleaning • Data Visualization • Dashboard Development • KPI Tracking • Business Intelligence • Reporting • Exploratory Data Analysis (EDA)

CERTIFICATIONS

1. Data Analyst – learntube.ai
- 2.Microsoft Office (Excel, Word, PowerPoint)
3. Domestic Data Entry Operator

4.PGDCA (Post Graduate Diploma in Computer Applications)

ACHIEVEMENTS

1. School Topper
- 2.Inter-College Topper

ADDITIONAL INFORMATION

1. Strong analytical and problem-solving skills
2. Effective communication and teamwork
- 3.Ability to work in fast-paced, data-driven environments
